## The Greater Mifflin Area has a lot to offer - LOOK HERE FIRST! -

The Greater Mifflin Area includes a wide variety of businesses, many of which are not concentrated in a specific "business district" but are spread out within the Boroughs of Shillington, Kenhorst, and Mohnton, and the Townships of Cumru and Brecknock. When in need of a product or service, someone in the Mifflin Area can provide it, and we want to encourage our community to look here first. Our diverse group of member businesses includes jewelers, florists, gift shops, restaurants, business-to-business services, and a wide variety of professional services including insurance, investments, doctors, dentists, and many more!

**The Shillington Business Association is committed to promoting business-to-business and consumer-to-business activity.**

# Your Home Town Real Estate Company

**A FULL SERVICE REAL ESTATE TEAM  
WHO GETS TO KNOW YOU!**

*We have been in the real estate business for many successful years. This longevity and confidence comes from our real estate services to a great many buyers and sellers, and their recommendations to others that result in repeat and referral business.*

### **Residential Single Family**

Our residential single family services connect buyers with sellers every day, and we do it with professionalism and a total dedication to our clients. This property type is the majority of our market transactions, but by far not the only one in which we have expertise.

### **Multi-family**

Investors are great clients for us. Multi-family properties are a very unique market. The detailed return on investment and valuation calculations investors need to evaluate properties for rental are second nature to us.

### **Condominiums**

While condominiums are residential, they're a very different market focus, and we are experts in evaluating condos and helping buyers and sellers to cope with the special financing and homeowner concerns for this property type.

### **Commercial & Vacant Land**

Whether it's a land, shopping mall, a small office building or a restaurant space, we are your commercial property specialist. Contact us for your commercial property needs.
